

## Statement of Reasons

### TELFORD & WREKIN COUNCIL VARIOUS ROADS (PRIORSLEE & MUXTON) (WAITING PROHIBITIONS AND RESTRICTIONS) ORDER 2020

---

#### Proposals

**To introduce waiting prohibitions to parts of the following roads:  
Cooper Close, Priorslee – Derwent Drive, Priorslee – Ferndale Drive, Priorslee –  
Gough Close, Priorslee – Pitchford Drive, Priorslee – Thornton Park Avenue,  
Muxton**

After a review of the existing waiting prohibitions and restrictions in Priorslee the council is now proposing new waiting prohibitions in the form of no waiting at any time restrictions (Double Yellow Lines). This review identified that the sections of highway within the proposal would benefit from further restrictions as part of a new Traffic Regulation Order with the aim of improving visibility, pedestrian safety and improvements in traffic flow.

#### Road Traffic Regulation Act 1984

The specific grounds which the Council are using for implementation of the proposed waiting Prohibitions and Restrictions above are the following sections of the Road Traffic Regulation Act 1984.

- Section 1 (a) for avoiding danger to persons or other traffic using the roads or any other roads or for preventing the likelihood of any such dangers arising
- Section 1 (C) for facilitating the passage on the road or any other road of any class of traffic (including pedestrians)
- Section 1 (f) for preserving or improving the amenities of the area through which the road runs
