

CONNECTS

HOW IT WORKS:

'Connects' is accessed here:
www.mycovenant.org.uk/connects

Each young person who registers on our website will receive an initial thank you message with a couple of simple follow up questions, including a request for permission to communicate with Personal Advisors / Employment Coaches / others that they are currently working with.

After registering and stating their preferences, young people will receive opportunities, offers and relevant information (E.g. Govt announcements) as and when it comes onto Covenant platforms. Where possible, we will include support workers in emails regarding opportunities.

NEXT STEPS

From July 1st young people will have to be registered in order to take up opportunities but registration only takes a few minutes and is immediately effective.

Anyone who signs up before 12pm on June 30th will be entered into a prize draw and there will subsequently be giveaways each month accessed through signing up.
