

Index of Multiple Deprivation

Index of Multiple Deprivation

Most Deprived

- A total of 18 areas in the Borough are ranked in the 10% most deprived nationally in 2019 (Brookside x2, College, Madeley & Sutton Hill x4, Dawley & Aqueduct x2, Donnington, Hadley & Leegomery, Malinslee & Dawley Bank x3, Woodside x4), with a further 10 areas ranked in the 10-20% most deprived nationally (Arleston, Donnington, Hadley & Leegomery, Haygate, Oakengates & Ketley Bank, St Georges, The Nedge x2, Woodside, Wrockwardine Wood & Trench).
- It is estimated that a quarter of the Borough's population (26%), some 53,800 people are living in areas in the 20% most deprived nationally with 27,300 (16%) in areas in the 10% most deprived.
- The most deprived LSOA in the Borough (Brookside) is ranked 346 nationally (where 1 is most deprived) placing it in the top 2% most deprived of areas nationally, this LSOA was also the most deprived area in the Borough in 2015, but was ranked at 575 nationally, showing an increase in relative deprivation.

Least deprived

- A total of eight areas in Telford and Wrekin are ranked in the 10% least deprived areas nationally (Apley Castle, Priorslee x3, Shawbirch, Newport North, Muxton, Edgmond & Erccall Magna) with a further four areas ranked in the 10%-20% least deprived nationally (Erccall, Muxton, Newport North, Newport South).
- It is estimated that some 18,000 people in Telford and Wrekin (11%) live in areas ranked in the 20% least deprived nationally in 2019.
- The least deprived area in Telford and Wrekin is in Priorslee and is ranked 32,365 out of 32,844 LSOAs nationally (where 1 is most deprived) placing it in the top 2% least deprived areas nationally. This area was also the least deprived in the Borough in 2015 and was ranked 31,973 so showing a decrease in relative deprivation in 2019.

Change since 2015

- In 2015 there were 15 areas ranked in the 10% most deprived nationally, all 15 of these areas remain in the top 10% most deprived for 2019 with a further 3 areas, previously ranked 10-20% most deprived (Madeley & Sutton Hill x2, Donnington), joining them.
- In 2015 six areas ranked 10% least deprived in 2015, five of these six areas remain in the least deprived, with one (Newport North) moving to 10%-20% least deprived in 2019.
- A total of 18 areas have moved into a more deprived decile from 2015, these changes have happened across the range of deciles, not just in more deprived areas.
- A total of 16 areas have moved into a less deprived decile from 2015, again these changes have happened across the range of deciles (with the exception of the 10% most deprived) not just in less deprived areas. One area (Oakengates & Ketley bank) has improved by two deciles, from 20-30% most deprived in 2015 to 40-50% most deprived in 2019.
- Although just 4 areas in the 20% most deprived have seen a worsening of decile since 2015, two thirds (20 out of 28 areas) have seen a worsening of rank, equating to an increase in relative deprivation.
