

Walking/Cycling in Telford

This walking/cycling map shows routes that are available to the public within the boundary of Telford and Wrekin. There are a variety of types of routes:

Segregated use - this is where the route has separate lanes for cyclists and walkers, clearly marked with a white line down the middle. Cyclists should keep to the side indicated by the signs and road markings painted on the route surface. Walkers should keep to the other side to avoid conflicts.

Shared use - cyclist and walkers share the same route. Walkers must take particular care to make themselves aware of cyclists and cyclists should be prepared to slow down, give an audible warning and be prepared to stop if necessary.

Off-road routes - such as bridleways are shared with equestrians, cyclists and walkers. These routes may not be surfaced and can be muddy. Walkers should consider appropriate footwear and suitable off-road bikes should be used.

Be safe when walking and cycling

- Wear a cycle helmet.
- Be bright, be seen. Wear fluorescent/reflective clothing.
- Always use lights when cycling at night.
- Plan your route and let someone know where you're going.
- Ensure your bike is in good condition and safe to ride.
- Be skilled on your bike and have cycle training.
- Listening to music/using mobiles whilst riding seriously impairs your ability to ride safely.
- Know the rules of the road.
