We're making improvements in your area Resurfacing to improve the condition of your road

As part of the Council's ongoing investment into its roads and footpaths, we will shortly be carrying out resurfacing to improve the condition of the highway on the A5 Telford Way.

When are we planning to deliver this work?

The work is due to take place on 4th May 2021 and be completed by 12th May 2021 (weekdays only) weather permitting. The works will be carried out under a road closure which will be in place between the hours of 08:00 – 18:00 on weekdays. We will try to cause as little inconvenience as possible and really appreciate your co-operation whilst we are undertaking the works.

If you have any special access requirements while the works are in progress or need to contact Balfour Beatty about these improvements please contact us at our new Telford Highways Hub: TelfordHighwaysHub@Balfourbeatty.com and a member of our team will be in contact with you shortly.

Thank you for your co-operation whilst we deliver these improvements in your area.

These works are part of the Council's 4 year investment programme to Protect, Care and Invest to create a better borough, between 2020 and 2024 we are investing over £50m to keep neighbourhoods safe, clean and well connected. The 'Pride in Our Community' programme will deliver improvements to infrastructure including roads, footpaths, parking, sustainable transport, street furniture, drains and structures.

Our highways vision is to 'Keep Telford Moving' and in 2021/2022 we will invest £21.6m to deliver over 160 improvement schemes across the borough.
