WALT: To know the different preparations of a wedding celebration

The Wedding Party

Write down what each person does to prepare for the wedding celebrations

The Bride

The bride organises the flowers, bridesmaids dresses and gets herself a special wedding dress which is traditionally white. The bride will work with the groom to organise the wedding party after the ceremony.

The Groom

The groom organises the special cars to get to the wedding and buys his and the best man's suit. The groom will give a speech at the wedding party after the ceremony and sometimes organises the honeymoon.

The Best Man

The best man is in charge of looking after the wedding rings and the groom. He can also be in charge of the other members of the wedding party. He will make a speech at the wedding party after the ceremony.

The Vicar

The vicar gives the bride and groom guidance before they get married and says the prayers at the wedding ceremony. He wears a very special robe for the ceremony.
