

# *Eid ul Fitr*

Eid ul fitr is the first day of the new  
month after Ramadhan

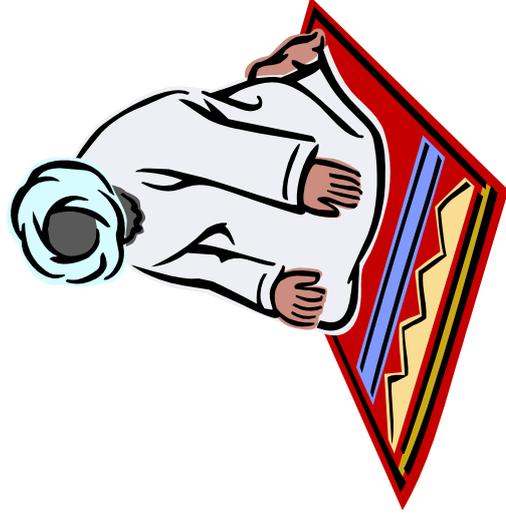

# Ramadhan

Begins when you can see the new moon

# Fasting

Healthy grown ups who are Muslims do not eat or drink anything at all during the day while it is light for a whole month.

Everyday they eat early in the morning and again when it has gone dark. This is called fasting. They are keeping a fast.

# *Prayer and Quran*

- Muslims try to say more prayers and to read the Holy Quran more during Ramadhan so that they understand more about God.
