

My Muslim Faith

Inside the Mosque- put these words and pictures in the correct order.

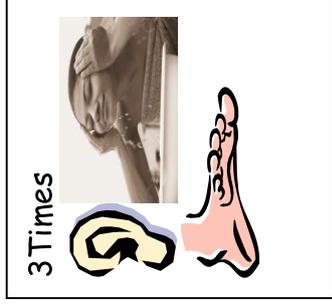

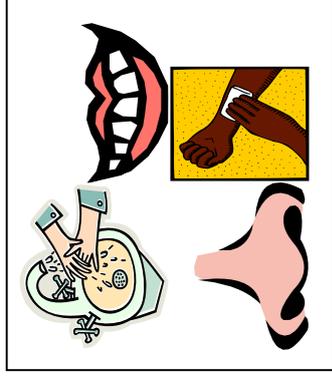

Muslims are called to the Mosque to pray. The most important day to go is on Friday when special prayers are said.

Then they go to pray inside the Mosque.

Lastly they wash behind their ears, faces and feet three times. This is called Wuzu.

First they wash their hands, mouths, arms and even inside their noses.

They take off their shoes before going into the Mosque.
