## Carriageway improvements in your area

### Resurfacing to improve the condition of your road

Dear Resident,

In partnership with the Environment Agency and as part of the Council's ongoing investment into its roads and footpaths, we will shortly be carrying out resurfacing works to improve the surface of the Wharfage and Tontine Hill. The profile of the surface will be changed to provide a flush high friction surface which will maximise contact between the flood barriers and road surface and ironwork will be adjusted to suit. Additional drainage improvements will also be undertaken as part of these works.

#### When are we planning to deliver this work?

The work is due to take place on 6<sup>th</sup> September and be completed by 15<sup>th</sup> October 2021, weather permitting.

To ensure this work is completed within the timescales above the working hours will be between 08:00-19:00 hrs every day (including weekends), however the road will be closed 24hrs a day (due to required safe working zones and open excavations). We will have our dedicated teams on site to assist you during this time to help you get past the working areas safely should you need to do so. We reopen the road as soon as we are able to do so safely.

Access restrictions will vary throughout the works depending on the type of work we are carrying out, please see overleaf for further details. On street parking will be suspended during this time so please utilise the local Council car parks. If you do not have a residents parking permit you can obtain one here:

Please also ensure that children are supervised, do not play near the working areas and all pets are kept away from the works.

## **Information about access to your property & sequence of works**

Please note access to affected properties will be maintained to pedestrians throughout the works, pedestrian marshals will be on hand to assist during working hours. The closure of the carriageway will remain in place 24 hours a day throughout the works.

Thank you for your co-operation whilst we deliver these improvements in your area.

**These works are part of the Council's 4 year investment programme to Protect, Care and Invest to create a better borough, between 2020 and 2024 we are investing over £50m to keep neighbourhoods safe, clean and well connected. The 'Pride in Our Community' programme will deliver improvements to infrastructure including roads, footpaths, parking, sustainable transport, street furniture, drains and structures. Our highways vision is to 'Keep Telford Moving' and in 2021/2022 we will invest £21.6m to deliver over 160 improvement schemes across the borough.**
