

Funded Training Opportunity

Limited Places – Book Now

Autism Awareness Classroom Courses

Places are available for people working with/supporting adults in Shropshire, Telford and Wrekin and will be funded by Health Education England.

Aims to: To increase knowledge and perception of autism in adults and its impact on the way individuals experience their lives.

Learning outcomes - Learners will be able to discuss and describe:

- Relevant statutory guidance: Autism Act 2009
- Responsibilities in relation to the Autism Strategy for Shropshire
- The Autistic Spectrum
- Social, communication and sensory issues that may be experienced by an individual with autism (Triad of impairments)
- Importance of structure and routine
- Associated behaviours and environmental aspects that may affect the individual
- Co-existing conditions
- Experiential thinking, executive functioning & stimming
- Person centred tools – visual learning – reasonable adjustments
- Local and national support

Dates	Times – 4 hours	Venue
