

Virtual Annual Conference

Wednesday 24th November 2021

'Relationships, Resilience and Returning to School'

An insightful, single day, conference discussing attachment and trauma awareness in schools, the impact of covid, one year on, upon students and professionals and the importance of inclusive behavioural policies; that help to build successful relationships and resilience within schools.

Our Speakers

Dr Bessel van der Kolk

Bessel van der Kolk MD spends his career studying how children and adults adapt to traumatic experiences, and has translated emerging findings from neuroscience and attachment research to develop and study a range of treatments for traumatic stress in children and adults.

Dr Mona Delahooke

Mona Delahooke, PhD is a licensed clinical psychologist with more than 30 years of experience caring for children and their families. She is a senior faculty member of the Profectum Foundation, an organization dedicated to supporting families of neurodiverse children, adolescents and adults. She is a trainer for the Los Angeles County Department of Mental Health.

David Whitaker

Executive Principal, Springwell Special School and PRU and National Leader of Education. Ofsted-rated Outstanding. Working with incredibly vulnerable children and young people from KS1 to KS5 who are presenting with a whole range of social and emotional difficulties, Dave's innovative work shows the power of care, love, support and, in his own words, 'battering them with kindness'.

Jessica Pfeiffer

Jessica Pfeiffer is a Licensed Clinical Social Worker and a Licensed School Social Worker in Denver, CO. Jessica is a ChildTrauma Academy Educator and the Founder of Intricate Roots. Over the last 15 years, Jessica has provided training, consultations, coaching, and observations to educational systems around the world. Jessica focuses on embedding a neurobiological lens in the school setting and providing recommendations and interventions that are developmentally relevant for students. She partners with school districts, day treatment facilities, public and charter schools, early learning centers, and state education entities to create customized and engaging training and support.

Steve Graner

Steve Graner is the Neurosequential Networks' NME Project Director as well as a ChildTrauma Academy Fellow. Mr. Graner grew up in Bismarck, ND, received his Bachelor's Degree from the University of Sioux Falls, and completed his Masters Degree in Curriculum and Instruction at Minnesota State University Mankato. With thirty-three years teaching English at Erik Ramstad Middle School in Minot, North Dakota, Mr. Graner has also coached cross country and track and field, receiving Coach of the Year honors in ND for both high school and middle school cross country. Mr. Graner is best known for his creative approaches to teaching and coaching and combines a love of the arts and sports with the passion for pedagogy.
