TEACHING RESOURCE – 2023

Key Stage 3

Chinese New Year Around the World– Introduction

The Chinese New Year festival has been celebrated for more than four thousand years. It celebrates the earth coming back to life and the beginning of the growing cycle, to mark the end of the long winter season and the arrival of spring. Hence it is also called the **Spring Festival**. For Chinese people the **Lunar New Year** is *the* celebration of the year, a time for happy reunions, family and friends, rich in colourful traditions and customs.

Chinese New Year is now an annual observance and celebration globally as a result of trade links, emigration and the presence of long established Chinese communities around the world. Substantial Chinese populations beyond China **exceeding one million** (including ancestry) from the largest include: Thailand; Malaysia; U.S.A.; Indonesia; Singapore; Canada; Myanmar; Philippines; Australia and South Korea. The U.K. has approximately 466,000 people of Chinese heritage and notable 'Chinatowns' in London, Manchester, Birmingham, Newcastle upon Tyne and Liverpool.

The Chinese New Year Resource Pack is intended to be a starting point, to shine a light on and to celebrate the enormous contribution of Chinese Britons have made to our vibrant and diverse society, and is intended to be a working document to be adapted, added to or changed to suit the individual requirements of the educational setting.

Moreover, it has been questioned whether it is appropriate to confine the study of Chinese history and culture to one month of the year. This Chinese New Year Resource Pack is intended therefore to avoid tokenism and does not substitute for the inclusion of these elements, themes and accomplishments, in the curriculum throughout the year, in all spheres including: history; literature; religion; politics; design and technology; science; sport; mathematics; music; media; visual and the performing arts.

Chinese New Year Additional Resources for KS3

A three minutes video showing people celebrating the Chinese New Year in China + discussion activity idea.

<https://www.globetrottinkids.com/countries/china/> - Learn more about China.

<https://www.globetrottinkids.com/downloads/china-research-project/>

Explore China's geography and culture with our Country Research Project. Young explorers are guided through the research process to create a final presentation they can share. It is to help students develop geographic and cultural awareness.

Geography

- identify the country's location on a world map and continent map
- complete a compass rose
- create a map key
- label a country map according to the map key

Quick Facts

- record the country's population, area, climate, products, and currency

Flag

- colour the country's flag
- describe the meaning of its colour(s) and symbol(s)

Languages

- learn common words and phrases in the country's official language

Food

- create a menu for a day

Clothing

- design traditional clothing (paper, fabric) for paper dolls

Sports

- identify popular sports and activities

Animals

- classify by animal group and display in a pocket chart

Influential People

- sketch a portrait and write a description of the individual's contributions

Holidays & Celebrations

- create *Save the Date* cards using 4Ws (what, when, where, why) and 1 H (how)

A country research project is a fun learning experience for the whole class, cooperative groups, or independent investigations.

Please Note: This country research project does not include information about the country. Students conduct their own research and record their own notes as part of this project.

The project templates and a draft booklet can be purchased online for \$4.

The research project on China might include:

detailed map

infographic of quick facts (population, currency, etc.)

National symbols

photo gallery

informational video

activities for exploring the country's food, sports, animals, and more

book suggestions

country "challenge" – interactive tasks for learning about the country's geography and culture.

How to prepare a classroom for a research project on Chinese New Year / China

Prepare the Room for Research Projects by displaying:

- world map to hang or project on a screen
- world atlas – online or book
- globe – physical or virtual
- make it a festive environment with world flags decor
- country map(s) – posters or printed
- posters of famous landmarks, people, inventions, etc.
- vocabulary wall
- culture kit – check with your school/district resource centres and local libraries
- country artefacts such as clothing, tools, art, and musical instruments
- traditional music

- games
- websites
- books

The screenshot shows a webpage from TeachingEnglish. At the top, there is a navigation bar with 'BRITISH COUNCIL' and 'TeachingEnglish' logos, and links for 'Help', 'Log in', 'Sign up', 'Newsletter', 'Learn English Kids', 'Learn English', and 'Learn English Teens'. Below the navigation bar are links for 'Professional development', 'Publications', 'Teaching resources', 'News and events', and 'Training'. The main content area is titled 'Chinese New Year' and includes a sub-header 'Home > Lesson plans > Level 2'. A small introductory text states: 'In this lesson children learn about Chinese New Year customs.' Below this is a photograph of numerous red lanterns hanging in a row. Under the photo, the author is identified as 'Katherine Bisborough'. A short paragraph of text follows, mentioning 'expressions for speculating at the beginning of the lesson' and 'practised in context when they play a board game in small groups'. On the right side of the page, there is an 'A-Z of Content' menu with letters A through S, and a 'Popular' section with a list of articles.
