## Highway Improvements in your area

### Holyhead Road, Snedshill

As part of the Council's ongoing investment into its highway assets, we will shortly be improving the junction of Holyhead Road and Furnace Lane, St Georges. The works will include rebuilding the retaining wall (south side of Holyhead Road), create a signalised junction with improved crossing provision for both pedestrians and cyclists, whilst at the same time resurfacing the road and widening footpaths in the locality. Works will be completed by Balfour Beatty and specialist sub-contractors GN Groundworks, Quantum Traffic Management, Swarco, Tarmac, WJ & Carl Saunders. We have arranged for some collaborative working with BT so they can upgrade some of their assets at the same time.

#### When are we planning to deliver this work?

The work is due to take place on 08/01/2024 and be completed by 29/03/2024 (weekdays only) weather permitting. The works will be carried out under a 24hr Road Closure on Furnace Road junction and Holyhead Road up to the junction with Snedshill Way, we will be working between 08:00-17:00 on weekdays, with night works taking place towards the end of the programme.

We will have our dedicated teams on site to assist you during this time to help you get past the working areas safely should you need to do. Whilst we will endeavour to minimise disruption throughout the project where possible.

**If you have any special access requirements while the works are in progress or need to contact Balfour Beatty about these improvements please contact us at our new Telford Highways Hub: [TelfordHighways@Balfourbeatty.com](mailto:TelfordHighways@Balfourbeatty.com) and a member of our team will be in contact with you shortly.**

Thank you for your co-operation whilst we deliver these improvements in your area.

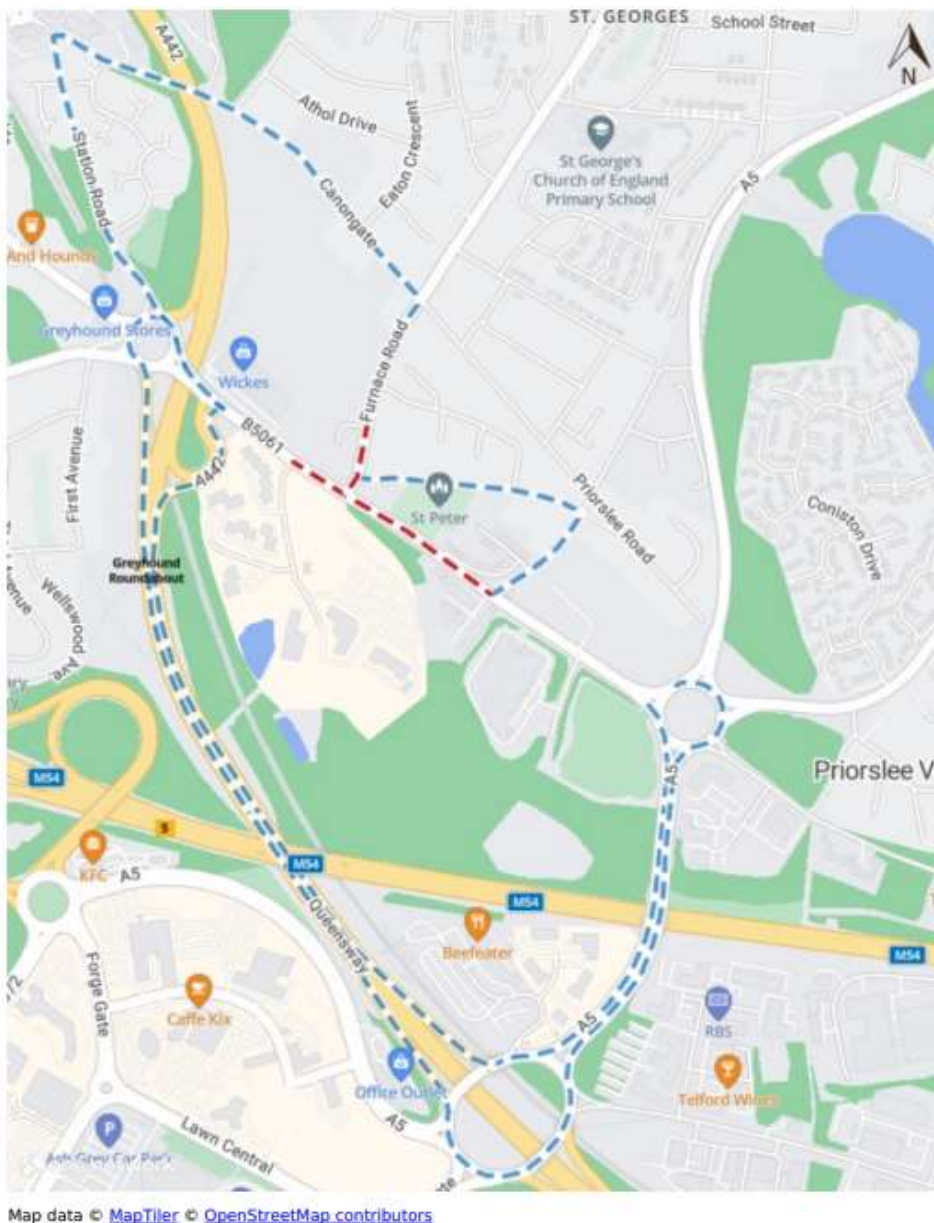

**These works are being delivered as part of the Council's investment programme to 'Protect, Care and Invest to create a better borough'. Over the next two years, over £21m is being invested to keep neighbourhoods safe, clean and well connected. The 'Pride in our Community' Highways Capital Programme will deliver improvements to infrastructure including roads, footpaths, parking, sustainable transport, street furniture, drains and structures.**

**Our highways vision is to 'Keep Telford Moving' and in 2023/2024 we will invest £13.732m to deliver a number of improvement schemes across the borough.**
