

The Leaf Project

Do you have lived
experience of domestic
abuse?

Have you been supported by any services in
Telford & Wrekin?

Services including: Telford & Wrekin Council, domestic abuse services, housing, police, medical practices, healthcare services, fire services, education or social care. We would love to hear from you – your voice and feedback.

Who are Leaf?

LEAF is an independent group set up to look at the whole journey of domestic abuse services. We want to get feedback on best practices, gaps in provisions, lessons to be learned....whatever you want to share with us

How you make a difference

Your voices will help the future of the Telford & Wrekin domestic abuse strategy.
Feedback through: group meetings, face-to-face and online 121s & online questionnaires.
