Subject: RE: Telford & Wrekin Local Plan Examination Library Update

Good Morning Tina

It is noted that the Council have now produced new documents on their Housing land supply which you have kindly brought to our attention as documents G 17 and G 17A.

We are very concerned that the Council are changing the base date of the land supply in a January 2017 update. This is new information which has not been seen before by any party.

Please can you draw to the Inspectors attention our grave concern about this matter and advise us if this new material is to be before the examination when we will have the opportunity to comment upon it. This information is a fundamental part of the Plan and its examination and it cannot be reasonable that it can appear as an update in this way without any of the representors having a proper opportunity to deal with it and the implications of it. There is as I understand matters already concern from other parties that the Council did the same thing with the SHMA update.

We look forward to hearing from you on this matter.

Thank you

Regards

Janet Hodson
