Subject: FW: T&WC Local Plan 2011-2031 Additional evidence requested by the Inspector relating to MIO Matter 8 site H 13 - Response by Newport in Bloom

FOR THE ATTENTION OF THE T&WC LOCAL PLAN INSPECTOR MR M J HETHERINGTON

Sir – as regards the further evidence submitted by Telford and Wrekin Council (T&WC) in relation to Matter 8 site H 13, in the light of the report issued by the Select Committee for Communities and Local Government, publication date 11th February 2017 ‘Public parks’ (Parks and green space strategy on pages 59/60) , I would reiterate that if T&WC release back the land off Station Road, that Newport-in-Bloom will as volunteers work with T&WC to maintain and enhance the land in the same manner as we did from 2007 to 2012 i.e. prior to the Council fencing off the land and preventing access. Separately, we endorse the response to the T&WC additional evidence submitted by Janet Clarke on behalf of Newport and District Civic Society.

Regards,
Carol Murphy
Newport-in- Bloom
