

# Hot Desking Facilities

The Marches Growth Hub Telford and Wrekin offers co-working space for freelancers, home-based businesses, professionals and entrepreneurs. Hot-deskers are able to take advantage of the state of the art facilities and be at the centre of a business supporting environment.

We offer a menu of flexible options to suit the exact needs of your business. This way, you can put a cap on costs and avoid paying for work space and facilities you don't need or use.

## Membership – from £80 + VAT pcm

- Unlimited designated hot-desking access for one person (desk with logo)
- Free Wifi
- Free access to the Meeting Room and Board Room
- Free modular space for one to one meetings
- Access to the Visualisation Centre at a discounted rate
- Access to Growth Hub events and networking activities
- Free photocopying and scanning facilities
- Shared Kitchenette and refreshments available on a contributory basis
- Business Postal address – additional charge

Enterprise Telford is Telford & Wrekin Council's 'business winning, business supporting' campaign. Through the Marches Growth Hub, we offer enterprises of all sectors and sizes a single point of access to information, guidance and business support.

# What is the Marches Growth Hub?

The **Marches Growth Hub Telford & Wrekin** is the epicentre for national and local business support, providing businesses with information they need to grow and thrive.

The hub has been supported by funding from Telford & Wrekin Council, The Marches Local Enterprise Partnership and the University of Wolverhampton.

We work with ambitious businesses who want to grow their bottom line, boost their profile, and create new business growth. Our key aim is to help people to think differently about their business and explore different ways of developing their company.

# How can it help my business?

The Marches Growth Hub Telford & Wrekin is for everyone whether you're a start-up business, an SME or a company with more than 250 employees.

In a busy world, it can be hard to track down the information you need quickly, easily and accurately, so we've done it for you.

Whether it's finance or funding, help with starting up a new business, information about employment and skills or general business advice and support, we can help.

## Finance & Funding

grants, loans, voucher schemes, crowd funding, equity finance, venture capital, business angels
