**Subject:** Possible Reinstatement of the Shrewsbury & Newport Canal

**Categories:** [REDACTED]

Dear Sir / Madam,

I believe that any further development should take into account the old route of the Shrewsbury & Newport Canal and consider it's possible future reinstatement.

It is part of our history and could be made a very interesting feature as well as tourist attraction of Shropshire especially when a lot of it was built By Thomas Telford after whom Telford was named.

A good few years ago houses were built with their backs to the canals now they are being built with their fronts to the canal. This must surely tell you something.

I sincerely hope you will make the right decision and include the above points.

Yours sincerely

Colin Dale
