Hello

I would like to put the following points forward:

As a member of the above, I wish to emphasize the importance of the canal being protected from any future developments .

I wish for the alignment of the S&N canal to be safeguarded for future establishment as a navigable waterway.

The nature and historic aspects should be clearly recognised, this will add to future tourism and protect our local heritage.

Also, this will enhance the beauty and quietness of the area, and encourage wildlife.

John Slynn

Member-S&N Canals Trust
