Subject: Local Plan Inspectors proposed changes - Shrewsbury and Newport Canals - Your Reference TWLPC794

Categories: [REDACTED]

Sirs

As an objector to an element of the draft Local Plan thank you for advising me on 31st July of the Inspector's proposed changes following the public inquiry earlier this year.

I confirm that I am content with his proposed amendment references noes MM34 and MM36 so I would be prepared to withdraw my objection provided the proposed texts (viz: - for MM34 - *The Council will safeguard the alignment of the Shrewsbury and Newport Canals (as shown on the Policies Plan) with a view to their long-term re-establishment as navigable waterways by: i. Not supporting development likely to destroy the canal alignment or its associated structures 8 Ref Page Policy/ para Main Modification ii. Ensuring that when the canal is affected by development the alignment is protected or an alternative alignment provided.* is inserted in Policy EC12 and for MM36 - *Proposals for the restoration of the Shrewsbury to Newport canal will only be supported where they can demonstrate that there will be no adverse impacts upon the natural and historic environment including designated sites, heritage assets, habitats and species in accordance with Policies NE1, NE2, BE4, BE6 and BE8* is inserted after paragraph 4.3.2.8) are included for in the final plan.

Therefore to enable me to finally withdrawn my objection your confirmation is required in that these proposed amendment will be included in the final plan

Thanking you in anticipation

Yours etc

K V Welch
