

M44 - Lawley & Overdale Parish Council

Comments on the Schedule of Proposed Main Modifications

REF	PARA	COMMENT
MM24	4.2.2	There is clear local demand for additional choice of food grocery outlets in the local area, outside of the single store allowed in the Lawley covenant. Where suitable development land exists, as it currently does in the Parish, consideration should be given to proposals put forward by grocery retailers who wish to build outside of the PSA.
MM65	6.5.4	The Parish Council believes strongly that the rural areas surrounding the Wrekin should be protected and that no development should take place on the land to the South of Dawley Road, which includes the Wrekin Trundle, as this acts as a rural boundary for the Parish.
MM92	Appendix D Table 21	The Parish Council recognises the need for development of the land designated as Lawley West, H17, but remain concerned about the impact of traffic generated by 250 additional households on both Dawley Road and Arleston Lane.
