Subject: Local Plan 2011 - 2031: response to consultation

I want to give my full support to the wording proposed by the Planning Inspector, Mr Hetherington, for the future protection of the alignment and restoration of the Shrewsbury & Newport Canals in the Local Plan for 2011-2031. The protection and restoration of this historical route has the potential to benefit the local economy and provide a linear green space for people to both enjoy and promote their wellbeing. It would also have environmental and educational benefits.
