**Subject:** Consultation on Proposed Main Modifications (PM1) [NOT PROTECTIVELY MARKED]

### NOT PROTECTIVELY MARKED

Good morning,

The Association of Black Country Authorities, Birmingham City Council and South Staffordshire District Council submitted joint representations to the hearings from the perspective of the Greater Birmingham and Black Country Housing Market Area (GBBC HMA). The local authorities support Proposed Major Modification PM1, which acknowledges the relationship between the GBBC HMA and the Telford and Wrekin HMA and will continue to work with Telford and Wrekin Council accordingly.

PM 1

Given this relationship, and based on current evidence available at this time, the potential contribution of in-migration arising from the Local Plan's housing requirement towards meeting the needs of the Greater Birmingham and Black Country Housing Market Area (GBBC HMA) has not been quantified. The Council will continue to consider this matter in the light of emerging evidence. It does not at present rule out the potential apportionment of some of the Local Plan's housing requirement towards meeting the needs of the GBBC HMA.

I would be grateful if you could acknowledge receipt of this representation.

Regards

Ian

Ian Culley  
Lead Planning Manager (Regional Strategy)
