Children in Care Placements	11,680,722	1,424,819	At the end of August, the Looked After Children number was 381. This is an increase of 6 children in the reporting period. The total number of Looked after Children total at the end of 2016/17 was 381. Considerable investment has been made in this area as part of the 2017/18 budget strategy and the Service has developed a 4 year placement model with the outcome reduce the total number of placements. The monitoring position in previous reports hi included a forecast saving based on the profile of the delivery of these targets for 2017/18. The increased projected variation on placements is because this assumptio has been adjusted to reflect those savings with more certainty of delivery.
Staffing - Salaries	7,651,573		The variation includes a projected overspend of £0.9m against agency budgets which has been netted down by vacancies being carried across the service. The variation reflects a reduction in agency workers throughout the year in line with the Cost Improvement Plan which has been developed and implemented by the service. At the end of August there were 9 agency social workers in the CPFS Service, 1 within the Family Connect Service and 1 within the Fostering Service. A further 5 have been included in the projection to start in September for a period of 3 months to cover arisin vacancies. The service has targeted to remove all agency workers by the end of the calendar year.
Foster Care expenses	7,382	74,406	The variation reflects an overspend against travel claims submitted by foster carers carrying out required duties.
Legal	243,193		The variation reflects an increase volume in activity (no. children on CIN and CP Plar which has led to an increase in court fees and an increase in the use of external barristers.
Assessments	515,758	(100,000)	The variation reflects the creation of an in house service offering mother and baby assessments which has reduced the requirement for residential placements
Variations under £50,000	4,397,795	504,845	
Independent Review			
Staffing	488,364		The variation includes an overspend of £135k on agency. The service have experienced difficulties in recruiting to key posts and have employed 2 agency worke since April although they have recently recruited and the requirement for agency workers will end by mid December.

Specialist Services		581,885	-	In 2017/18 there is an additional savings target on salaries of £100k. An interim deletion of vacancies and the acceptance of specific voluntary redundancies (VRs) reduced the salary budgets in 2017/18 and the full year impact of VRs will produce further savings in 2018/19. It is intended that the remaining savings to be made will achieved as part of a full restructure which will take place now the new AD is in post
Joint/Community Use		125,557	(65,320)	Additional income £20k and a reduction in general expenditure of £50k
Advisory management and school improvement traded Advisory Service		39,418		Following the movement of School Improvement consultants/advisors to the Teachin School alliance in 2016/17 there has been a material reduction in income for this service. This coupled with the increased income target (part of savings) has resulte in an underachievement of income. This has, in part, been offset by the use of a or off in year grant.
School Transport		2,583,361	404,312	The current year budget includes a £300k savings target - there is on going work in this area to meet this target.

Further work will be completed with customer engagement to understand the factors driving the downturn. We have also reviewed the marketing plan for the Ice Rink with the aim of increasing the frequency of visits by existing/past customers and developing the range of events and activities on offer to
