## 5

position was previously reported to Cabinet, five young people have been placed on nd with remand costs of £385 per day, this alone has added £546K to the projected the year. There has also been pressure on residential placement costs, with a f existing placements becoming significantly more expensive due to the complexities enges being presented. The placement budget is based on a detailed model which nticipated placement numbers and costs. Work is ongoing to review the current s and reflect the latest information available for planned cessations (adoption, , reunification). Whilst current projections reflect the existing LAC cohort through to - there is inevitable fluidity within this cohort and so further detailed work is being en to ensure that all assumptions going forward are as robust as possible and that on is reflected in the monitoring.

cted position has improved since previously reported. Following discussions with health representatives have commenced attendance at the weekly RAMP Panel to ew placement costs and are involved in all discussions where the service considers e a requirement for funding linked to health needs. This increased engagement is to ced by meetings with the CCG to discuss existing placements where the child or son has health needs.

cted variance and agency expenditure is currently more than offset by grant funding mily Safeguarding initiative and contributions from reserves. (see lines below)

aff are covering maternity/sickness absence in the service. As the year progresses will be revised to reflect the latest absence position.

ling will contribute to the costs of the Family Safeguarding initiative which has ed this year (see staffing variation above).

spent less in 2020/21 than the 2021/22 budget, but it is expected that as CV19 s reduce, activity will return to more usual levels.

/22 outturn for this area will potentially be impacted by the ongoing review of the Support Fund being undertaken by Shropshire, as this will determine whether the sumptions for monies claimed but needing to be returned are accurate.
