

Telford & Wrekin Local Plan

Examination in Public

Council's comments on the Government White Paper -

"Fixing our broken housing market", February 2017

EiP Library Ref: K26a

1. The inspector has already made clear that he does not wish to receive representations on the content of the White Paper.
2. The White Paper will be the subject of consultation until May 2017. It sets out the possible direction of travel for Government policy in the field of housing and plan-making but has not definitively confirmed how national planning policy or legislation will change, if at all.
3. The Council does not consider that the White Paper raises any new matters that would require us to offer any modifications to its Local Plan and, on this basis, does not propose to respond to the assertions made in other representations received about the White Paper.
