Carriageway improvements in your area

Resurfacing to improve the condition of your road

Dear Resident,

As part of the Council's ongoing investment into its roads and footpaths, we will shortly be carrying out resurfacing work to improve the condition of the highway on Hurleybrook Way.

We will be completing the works as detailed below:

09/08/21 – 03/09/21	Civils Works (granite setts repairs) Minor traffic management
06/09/21 – 17/09/21	Surfacing Works under phased ROAD CLOSURES

When are we planning to deliver this work?

The work is due to take place on 9th August and be completed by 17th September, weather permitting. The works will be carried out under Give & Take traffic management for the civils works then daily Road Closures for the surfacing works, which will be in place on weekdays only. We will be working between 07:30-17:00 on weekdays.

We will have our dedicated teams on site to assist you during this time to help you get past the working areas safely should you need to do. Whilst we will endeavour to minimise disruption, we ask that you keep vehicle movements to an absolute minimum and not to park on the road. Please also ensure that children are supervised, do not play near the working areas and all pets are kept away from the works.

Information about access to your property

During the civils works access will be maintained when possible for residents and for emergency vehicles although when the surfacing works commence on 6th September there will be times when there will be **NO ACCESS** for the majority of the day while the new surfacing is being laid. At that time we will require residential and commercial traffic to be excluded to allow the surfacing material to be laid and harden. **We suggest that all vehicles are moved from properties off Hurleybrook Way by 9am then can return by 5pm.**

We will try to cause as little inconvenience as possible and really appreciate your co-operation whilst we are undertaking the works.

If you have any special access requirements while the works are in progress or need to contact Balfour Beatty about these improvements please contact us at our new Telford Highways Hub: TelfordHighwaysHub@Balfourbeatty.com and a member of our team will be in contact with you shortly.

Thank you for your co-operation whilst we deliver these improvements in your area.

These works are part of the Council's 4 year investment programme to Protect, Care and Invest to create a better borough, between 2020 and 2024 we are investing over £50m to keep neighbourhoods safe, clean and well connected. The 'Pride in Our Community' programme will deliver improvements to infrastructure including roads, footpaths, parking, sustainable transport, street furniture, drains and structures.

Our highways vision is to 'Keep Telford Moving' and in 2021/2022 we will invest £21.6m to deliver over 160 improvement schemes across the borough.
