Hello ,

I am writing in regard to the proposed modifications to the T&W Local Plan 2011-31 which directly relate to the Shrewsbury & Newport canal , which items are referenced MM34 & MM36 ( see Pages 7 & 8 of the proposed modifications document ) . I would just like to record my support for those changes and appreciate the Inspector's recognition of the local support for this project , and the work done by a small core of people , who in fact have recently been awarded the Queens Award for Voluntary Service , which underlines their dedication to restoring something which would provide both leisure and transport facilities in the area , give a boost to tourism , particularly in Newport which has little in the way of recognisable tourist "attractions" despite being a very old market town , and which is historically important in the context of Shropshire's economic development over the last two centuries.

Best Wishes

Dave Deakin
