## **STRATEGIC REPORT**

### **FOR THE YEAR ENDED 31 MARCH 2025**

---

The directors present the strategic report for the year ended 31 March 2025.

#### **Fair review of the business**

Nuplace Limited was incorporated on 1 April 2015. Nuplace is a wholly owned subsidiary of Telford and Wrekin Council, limited by shares.

The principal activity of the company is the procurement of the construction and management of private and affordable residential property for rent, responding to the Borough's housing needs including the availability of accessible and adaptable housing. In addition, the company aims to:

- Raise the standard of rental provision, both in terms of the quality of the rental homes and the landlord service.
- Deliver added value and stimulate local economic growth through supply chain engagement, offering skills and employment opportunities and working with the community.
- Develop brownfield and stalled sites in order to deliver widespread regeneration benefits.

Telford & Wrekin homes, a sub brand of Nuplace, focusses on refurbishment and aims to

- Invest in and protect existing housing stock through high quality renovations, which help to address issues of poor housing in communities.
- Raise standards in the private rented sector across the Borough of Telford and Wrekin through demonstrating high quality property and tenancy management on a broader geographic scale.
- Provide a "home for life" for tenants with a focus on providing housing options for a range of priority client groups.

The company is financed by Telford and Wrekin Council, through a combination of equity in the form of share capital and debt finance.

Nuplace's housing portfolio now comprises of 608 homes of which 60 are available to let at affordable rents, and 37 are built to accessible standards. Low carbon design is a key focus on the company with all new properties benefitting from a fabric first approach, PVs, and EV charging provision. In addition, Nuplace have completed their first 18 homes built to Future Homes Standards.

Upon completion of the 177 further dwellings currently under construction, the programme will have resulted in the regeneration of over 47.94 acres of brownfield land and refurbished or converted 4,656 sqm of redundant floor space, addressing stalled sites and bringing back into use redundant and underused premises. The programme is also delivering added value in terms of local employment, training and apprenticeships, supply chain development and the delivery of a range of community projects supported directly by Nuplace and delivery partners.

Nuplace's growing portfolio now provides a range of homes across the Borough with houses available within North and South of Telford, including properties in Newport, with circa 1,500 people living in properties across the thirteen sites and the Telford and Wrekin homes portfolio.

During the year, works were completed at Wild Walk, Donnington and the former New College site in Wellington, with all 86 houses tenanted by the year end. The Telford and Wrekin Homes portfolio has increased by 32 over the year, with houses acquired across the borough.

Work has commenced on site to build 28 homes on the former Abacus Nursery site in Ketley Bank, including 7 converted dwellings alongside 21 new build, to help safeguard a building of historical significance on a prominent site within the locality

## **NUPLACE LIMITED**

### **STRATEGIC REPORT (CONTINUED)**

**FOR THE YEAR ENDED 31 MARCH 2025**

---

#### **Development and performance**

Work has continued on the schemes being jointly delivered with Telford & Wrekin Council, including;

- The Gower, St Georges, with the construction of 10 new build properties alongside the creation of 3 converted dwellings within the Grade 2 listed building.
- Limes Walk, Oakengates involving the conversion and creation of 10, one and two bedroom apartments, as part of a wider regeneration scheme. Completed properties are due to transfer from Telford & Wrekin Council to Nuplace in 2025/26.
- Walker Street, Wellington, where work is ongoing to convert a redundant space within a historic building into 9, one and two bedroom dwellings, as part of a wider regeneration project.
- Work has commenced on the mixed use scheme within the Station Quarter area of Telford Town Centre which will see the delivery of 117 town houses and apartments for Nuplace, kick-starting the creation of a "city living" offer within Nuplace's predominantly suburban portfolio. This scheme is being delivered in conjunction with Telford & Wrekin Council as part of the wider Station Quarter regeneration project with the homes being transferred to Nuplace upon practical completion. The first 84 furnished apartments are due to be completed in March 2026, followed by a further 33 townhouses in early 2027.

In addition, a further 32 properties have been acquired and refurbished in year as part of the Telford & Wrekin Homes Programme bringing to total properties held within the Telford & Wrekin programme to 56 against a target of 100, with further acquisitions planned in 2025/26.

A strong pipeline of future schemes has also been developed including:

- 2 Walker Street, Wellington: Planning consent has recently been granted for a scheme to be delivered alongside Telford & Wrekin Council involving the demolition and rebuild of a historic building at 2 Walker Street in Wellington to create 4 apartments for Nuplace.
- Phoenix, Dawley: A planning application was submitted in April 2025 for a 212 dwelling mixed tenure scheme on this former school site with 51 of the homes to be delivered for Nuplace.

Alongside the above a number of schemes are at feasibility stage which have the potential to deliver a further circa 160 homes for Nuplace.

Rental income for the year totalled £5.0m (£4.1m; 2023/24), the increase representing the rental incomes from the growing Telford and Wrekin Homes portfolio and the completion of the construction projects at Donnington Wood Way and New College in the year. Rent levels were increased across the portfolio in February 2025. Void levels reduced to 0.84%, (1.42%; 2023/24). Consistently high levels of customer satisfaction were demonstrated in the Nuplace tenancy survey completed in January 2025, with 86% of respondents confirming they would recommend Nuplace to friends and family.

The Company has continued to work with its tenants to offer support where there may be difficulties in making rent payments, and has closely monitored overdue debt and ensured appropriate payment plans are in place. Despite this debt primarily from tenant damage has risen within the year with legal action now being taken in order to secure recovery wherever possible. The cost of managing the growing portfolio has increased in the year due to inflationary pressures in the economy and the acknowledgement that the Telford & Wrekin Homes portfolio requires more bespoke management.

## **NUPLACE LIMITED**

### **STRATEGIC REPORT (CONTINUED)**

#### **FOR THE YEAR ENDED 31 MARCH 2025**

---

The Directors acknowledge that ongoing asset maintenance will be required to the investment properties, however, a provision in the financial statements has not been possible due to accounting standards requirements. The cost of asset and site maintenance in the year increased to £632,000 (£527,000; 2023/24) which is included in the cost of sales in the financial statements. A large proportion of this increase was attributed to the continued one-off planned maintenance required to remediate gardens to rectify issues associated with drainage, works to remove damaged trees and those affected by ash dieback as well as other identified planned maintenance including door painting, carpet replacement, redecoration and statutory gas and electrical inspections. Planned maintenance inspections were untaken on properties within Nuplace's oldest estates during 2024/25 with these being found in the most part to be in very good condition. Surveys will support the development of the planned maintenance programmes moving forward. The Directors will continue to ensure suitable reserves are held in order to meet asset maintenance obligations.

In accordance with the company's accounting policy, the housing portfolio was revalued at the year end, with a net increase in value of £5.6m or 6.3% across completed units. The company has reported an operating profit before interest and taxation for the year ended 31 March 2025 of £3,203,429 (2023/24: £2,717,168). The company capitalises interest on loan finance during the site's construction period, following which, interest is charged to the profit and loss account upon practical completion. In line with this policy, the company has incurred interest charges on the year's profit of £2,613,176 (2023/24: £2,371,394). The company reported an operating profit after interest and taxation of £448,346 for the year (2023/24: £256,487). During the year the directors declared a final dividend of £0.012p per ordinary share registered on 5th February 2025 totalling £302,400.

The investment outlined in this report will require additional funding to be drawn down from the shareholder in the form of further loans and equity. Nuplace continues to explore opportunities for further expansion with a number of pipeline sites currently under review.

On behalf of the board

Mrs K I Callis  
**Director**

13 August 2025

# NUPLACE LIMITED

## NOTES TO THE FINANCIAL STATEMENTS

**FOR THE YEAR ENDED 31 MARCH 2025**

---

### **1 Accounting policies**

#### **Company information**

Nuplace Limited is a private company limited by shares incorporated in England and Wales. The registered office is Legal Services, Darby House, Lawn Central, Telford, Shropshire, TF3 4JA.

#### **1.1 Accounting convention**

These financial statements have been prepared in accordance with FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" ("FRS 102") and the requirements of the Companies Act 2006 as applicable to companies subject to the small companies regime. The disclosure requirements of section 1A of FRS 102 have been applied other than where additional disclosure is required to show a true and fair view.

The financial statements are prepared in sterling, which is the functional currency of the company. Monetary amounts in these financial statements are rounded to the nearest £.

The financial statements have been prepared under the historical cost convention, modified to include the revaluation of freehold properties and to include investment properties and certain financial instruments at fair value. The principal accounting policies adopted are set out below.

The company's parent undertaking, Telford and Wrekin Council, includes the company in its Consolidated Financial Statements. The consolidated financial statements of Telford and Wrekin Council are prepared in accordance with International Financial Reporting Standards as adopted by the EU and are available to the public as may be obtained from Legal Services, Darby House, Lawn Central, Telford, TF3 4JA. In these financial statements, the company is considered to be a qualifying entity and has applied the exemptions available under FRS102 in respect of the following disclosures; related party transactions, cash flow statement, key management personnel and financial instruments.

#### **1.2 Going concern**

At the time of approving the financial statements, the directors have a reasonable expectation that the company has adequate resources to continue in operational existence for the foreseeable future. Thus the directors continue to adopt the going concern basis of accounting in preparing the financial statements. The company is funded by Telford and Wrekin Council which has confirmed financial support to fund the future activities of the company for the 30 year period of the loan. The day to day running of the company is supported by rental income, which is sufficient to meet liabilities as they fall due.

#### **1.3 Turnover**

Turnover is the rent receivable in the year, for properties let to tenants.

#### **1.4 Tangible fixed assets**

Tangible fixed assets are stated at cost. Tangible fixed assets include assets under construction and capitalised interest. Land is considered to be an appreciating asset and is thus not depreciated. Interest incurred during the construction period of investment properties is added to the capital value of the property.

#### **1.5 Investment properties**

Investment property is recognised as such once the entire development has been completed and revalued at open market value annually. Investment properties are not depreciated as they are anticipated to appreciate in value. In line with FRS 102 guidance on revaluation of investment property gains/losses on revaluation are recognised in other comprehensive income and accumulated in equity.

# NUPLACE LIMITED

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2025

### 1 Accounting policies

(Continued)

#### 1.6 Impairment of fixed assets

At each reporting period end date, the company reviews the carrying amounts of its tangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). Where it is not possible to estimate the recoverable amount of an individual asset, the company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

#### 1.7 Cash and cash equivalents

Cash and cash equivalents are basic financial assets and include cash in hand, deposits held at call with banks.

#### 1.8 Financial instruments

The company has elected to apply the provisions of Section 11 'Basic Financial Instruments' and Section 12 'Other Financial Instruments Issues' of FRS 102 to all of its financial instruments.

Financial instruments are recognised in the company's balance sheet when the company becomes party to the contractual provisions of the instrument.

Financial assets and liabilities are offset, with the net amounts presented in the financial statements, when there is a legally enforceable right to set off the recognised amounts and there is an intention to settle on a net basis or to realise the asset and settle the liability simultaneously.

#### 1.9 Taxation

The tax expense represents the sum of the tax currently payable and deferred tax.

##### **Current tax**

The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the profit and loss account because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The company's liability for current tax is calculated using tax rates that have been enacted or substantively enacted by the reporting end date.

##### **Deferred tax**

Deferred tax liabilities are generally recognised for all timing differences and deferred tax assets are recognised to the extent that it is probable that they will be recovered against the reversal of deferred tax liabilities or other future taxable profits. Such assets and liabilities are not recognised if the timing difference arises from goodwill or from the initial recognition of other assets and liabilities in a transaction that affects neither the tax profit nor the accounting profit. Therefore, deferred tax is not provided on the revaluation surpluses in connection with investment properties. The company is in the fairly unique position of being wholly owned by a Unitary Authority, any subsequent sale of revalued investment property would be done in collaboration with the Unitary Authority in such a way that corporation tax may not be payable by the company.

#### 1.10 Government grants

Government grants are recognised at the fair value of the asset received or receivable when there is reasonable assurance that the grant conditions will be met and the grants will be received.

A grant that specifies performance conditions is recognised in income when the performance conditions are met. Where a grant does not specify performance conditions it is recognised in income when the proceeds are received or receivable. A grant received before the recognition criteria are satisfied is recognised as a liability.

The grants received by the company relate to the Newport, Southwater Way and Ketley Bank developments. These grants are released to the profit and loss account over the useful lives of the completed developments.

## NUPLACE LIMITED

### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2025

#### 2 Judgements and key sources of estimation uncertainty

In the application of the company's accounting policies, the directors are required to make judgements, estimates and assumptions about the carrying amount of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised where the revision affects only that period, or in the period of the revision and future periods where the revision affects both current and future periods.

Investment properties are valued by MRICS Registered Valuers and is an estimate of market value at 31 March 2025. Other estimates have been identified in the forms of accruals, prepayments and bad debt provisions. These are not classed as significant.

#### 3 Turnover and other revenue

## NUPLACE LIMITED

### NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2025

#### 7 Investment property

(Continued)

Nuplace Limited's property assets were valued on 31 March 2025 by internal valuers, Dawn Toy MRICS and David Scrimgeour MRICS, both Registered Valuers of Telford & Wrekin Council.

The valuations were carried out in accordance with the Standard terms of Engagement, detailed in Appendix 2, CIPFA and the RICS Valuation - Global Standards and RICS Global Standards - UK National Supplement (the Red Book) and the International Valuation Standards (IVS), applicable at the valuation date. The valuation of each property was on the bases of Fair Value, which equates to Market Value and assumes that they would be sold subject to the Special Assumptions listed below. The valuer's opinion of Market Value was primarily derived using the comparables method as there was good evidence of previous sales on arm's-length terms.

##### Special Assumptions:

- There would be no bids from Special Purchasers.
- It is assumed that the interests being valued can be offered freely and openly in the market for non-specialist property, and based on existing use for specialist property.
- There are no past changes in the physical aspects of the property or asset where the valuer has to assume those changes have not taken place.
- All impending or proposed changes in the physical circumstances of the property, for example a new building to be constructed, were ignored.
- There were no anticipated change in the mode of occupation or trade at the property:
  - Planning consent has been, or will be, granted for development (including a change in use) at the property. The impact of any conditions which may be imposed have also been considered.
  - A building or other proposed development has been completed in accordance with a defined plan and specification.
  - The property has been changed in a defined way (e.g. removal of process equipment)
  - The property is vacant when, in reality, at date of valuation it is occupied.
  - That a specific contract was in existence on the valuation date which had not actually been completed.
  - It is let on defined terms when, in reality, at the date of valuation it is vacant.
  - The exchange takes place between parties where one or more has a special interest and that additional value, or synergistic value, is created as a result of the merger of the interests.
- Damaged property:
  - Treating the property as having been re-instated when it has not;
  - Valuing as a cleared site with development permission assumed for the existing use; or
  - Refurbishment or re-development for a different use reflecting the prospects of obtaining the necessary development permissions.
- It is assumed that there were no alterations and improvements to be carried out under the terms of a lease.
- Details of actual or anticipated market constraints were agreed and included in Standard Terms of Engagement.
- If a property cannot be freely or adequately presented to the market, the price is likely to be adversely affected.
- If an inherent constraint exists at the valuation date, it is normally possible to assess its impact on value.
- For inherent constraints that did not exist at valuation date, but is a foreseeable consequence of a specified event, will be treated as arising on valuation date.
- Any Special Assumption that specifies a time limit on disposal must state the reason for the time limit.
- A financial instrument is valued using a yield curve that is different from that which would be used by a market participant.
- Projected values rely wholly on Special Assumptions and may include assumptions such as the state of the market in the future, yields, rental growth, interest rates etc. The assumptions must be:
  - In accordance with any applicable national or jurisdictional standard;
  - Realistic and credible; and
  - Clearly and comprehensively set out in the report.

# NUPLACE LIMITED

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

FOR THE YEAR ENDED 31 MARCH 2025

### 7 Investment property

(Continued)

#### Lotting Assumptions:

- It is assumed that there are no physically separate properties that are occupied by the client where there is a functional dependence between the properties.
- No account made where ownership of a number separate properties would be of particular advantage to them as a single owner.
- Where physically adjoining properties that have been acquired separately by the entity for site assembly for future development/regeneration purposes, the proposed development scheme will be used as the basis of valuation for the assembled site(s).
- No account made where individual properties are used collectively or are an essential component of the entity's operation.
- No record of any groups of properties that should not be valued together.
- Properties valued as individual dwellings, with the assumption that any sales would not flood the market.
- No account taken of other facilities related to site, such as attenuation features.

### 8 Debtors

	2025	2024
	£	£
<b>Amounts falling due within one year:</b>		
Trade debtors	24,264	38,269
Other debtors	10,665	8,502
	<u>34,929</u>	<u>46,771</u>

### 9 Creditors: amounts falling due within one year

	2025	2024
	£	£
Trade creditors	461,055	193,744
Amounts owed to group undertakings	646,196	1,098,859
Taxation and social security	134,888	142,080
Other creditors	425,206	172,159
	<u>1,667,345</u>	<u>1,606,842</u>

## NOTES TO THE FINANCIAL STATEMENTS (CONTINUED)

### FOR THE YEAR ENDED 31 MARCH 2025

---

#### 11 Audit report information

As the income statement has been omitted from the filing copy of the financial statements, the following information in relation to the audit report on the statutory financial statements is provided in accordance with s444(5B) of the Companies Act 2006.

The auditor's report is unqualified and includes the following:

##### Opinion

In our opinion the financial statements:

- give a true and fair view of the state of the company's affairs as at 31 March 2025 and of its profit for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Companies Act 2006.

Senior Statutory Auditor:

Stacey Lea FCA

Statutory Auditor:

Dyke Yaxley Limited

Date of audit report:

13 August 2025

#### 12 Financial commitments, guarantees and contingent liabilities

A grant of £1,008,336 was received from Telford and Wrekin Council in 2017/18 for the construction of 33 affordable units for rent at Springfields, Newport. The terms of this require Nuplace to hold the units as affordable, subject to repayment should the units cease to be held as such. The grant is released to the profit and loss account over the useful life of the units.

An additional grant of £460,000 was received in 2022/23 from the West Midlands Combined Authority for the construction of 46 units including 11 affordable units at Southwater Way. The terms of this required completion of the units by 31 December 2022 and this condition was met. The grant is released to profit and loss over the useful life of the units.

A further grant of £448,000 from the West Midlands Combined Authority was secured in 2024/25 for the construction of 28 residential units of which £224,000 was received in year. The terms of this require the completion of the units by 31 January 2026. The grant is released to the profit and loss account over the useful life of the units.

#### 13 Capital commitments

At 31 March 2025 the company entered into a number of contracts for the development and acquisition of fixed assets estimated to cost £7,983,388 (2024: £7,842,510).

#### 14 Related party transactions
